PROFESSIONAL EXPERIENCE

Intern
Kenya Revenue Authority
05/2025 – Present | Nairobi,Kenya

- Started a support officer offering assistance to end-users in arising day to day IT issues.
- Gained configuration skills by assisting in configuring some of the business software in the authority.

Moved to ICT service support section;

- Resolved 100+ support tickets daily while maintaining 98.7% SLA compliance.
- Managed incident and service request tickets, prioritizing based on business risk and urgency.
- Escalated complex technical issues to second-level support requiring physical intervention.
- Verified and validated end-user requests to ensure compliance with organizational IT policies.
- Assisted in business software configuration and system troubleshooting.
- Communicated system outages and downtime notifications to ensure business continuity.

Attachee
KMTC Headquaters
06/2024 – 08/2024 | Nairobi,Kenya

- Strengthened hands-on skills in networking, IT support, and business application support.
- Assisted in configuring and troubleshooting network systems to optimize performance.
- Provided technical support to end-users, resolving issues efficiently.
